### Studying English outside the classroom

How do you study outside the classroom? Maybe you're not in school anymore, maybe you don't have access to classes, maybe you just want to study more in general. So how do you do it? The podcast talks about different ideas for practicing English. Hint: this podcast is one of the ways to do it!

Interesting words from the lesson: rote, reword, convey, live TV, scripted, jargon, synonym, wordplay

Shows mentioned: Jersey Shore, American Idol, Masterchef (yes, Gordon Ramsay is Scottish...but most people on the show are American, and hey, Scottish English accents are fun!)
